PROFESSIONAL EXPERIENCE

Nabd Masr – Full-Stack Developer (MERN) January 2024 – Present

The Innovation Lab

- Developed a full-stack platform for coordinating blood donations in Egypt.
 - Built the front-end using React.js, Next.js, and Tailwind CSS, ensuring mobile responsiveness and accessibility.
 - Integrated NextAuth.js for secure and scalable authentication, including Google OAuth login, session handling, and protected routes.
 - Used Node.js, Express.js, and Prisma with a MySQL database for building secure and efficient APIs.
 - Implemented JWT-based session management using HttpOnly cookies, alongside password hashing with bcrypt and schema validation via Zod.
 - Designed user dashboards, donation forms, and dynamic user profiles with real-time data handling.
 - Deployed on Vercel with continuous integration and performance optimization [View Project – Nabd Masr](#)
 - Maintained clean, reusable code following best practices in both front-end and back-end development.
-

EDUCATION

Alexandria Advanced Military Technical College | 2022–2025

Master of Science in Mechanical Engineering

- Studying in the Computer Department with a focus on software, computer systems, and applied technical sciences.
 - Earned the Technical Diploma and the Technical Competency Certificate, officially recognizing my practical and theoretical skills in the field.
 - Curriculum included system analysis, basic programming, computer networks, and hardware fundamentals.
-

CERTIFICATES

Full-Stack Web Development | New Horizons

Front-End Development

- HTML & CSS | [New Horizons](#)
- JavaScript | [New Horizons](#)
- Bootstrap | [New Horizons](#)
- React.js | [New Horizons](#)
- Tailwind CSS | [New Horizons](#)

Back-End Development

- MySQL | [New Horizons](#)
- PHP | [New Horizons](#)
- Laravel | [New Horizons](#)

**MORE
CERTIFICATES**

MERN Stack Development | Self-Taught

Front-End Development

- Next.js | Self-Learning

Back-End Development

- Node.js | Self-Learning
- MongoDB | Self-Learning
- Express.js | Self-Learning

Authentication & Data Management

- NextAuth.js | Self-Learning
- Prisma ORM | Self-Learning

CERTIFICATIONS – CISCO NETWORKING ACADEMY

- Introduction to IoT | [Cisco Networking Academy](#)
- Introduction to Cybersecurity | [Cisco Networking Academy](#)
- Cybersecurity Essentials | [Cisco Networking Academy](#)
- JavaScript Essentials 1 (JSE) | [Cisco Networking Academy – Partner Course](#)
